FILMMAKING WORKSHOPS

SCHOOL WORKSHOPS

We offer filmmaking workshops tailored to each school's individual needs. We liaise with principals and teachers to help ensure students have the best experience with our workshops. We invite you to kindly provide us with a brief on the Additional Information page - to include:

- * **Dates and Times of your choosing - to help ensure submission deadlines for HBFF and other film festivals are met (should that be your objective)**
- * **Subject matter in accordance with your school's ethos and objectives**
- * **Scripts can be written by students or supplied by HBFF**
- * **By default we manage workshops however happy to work alongside or under the guidance and/or direction of teachers**
- * **We do our best to provide an easy-going friendly and helpful atmosphere that encourages students to ask basic or technical questions**
- * **Students are invited to try each major filmmaking role where time allows: writing, directing, camera op, lighting, sound...**
- * **We can provide comments on student's progress if required**
- * **One aim is to help ensure students have a credit on completed films**

Kindly get in touch for further enquiries and to book your workshops.
